DECEMBER 31, 2024

**BDO Ebrahim & Co. Chartered Accountants**

BDO Ebrahim & Co., a Pakistan registered partnership firm, is a member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

## INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF NBP EXCHANGE COMPANY LIMITED

### Report on the Audit of the Financial Statements

#### Opinion

We have audited the annexed financial statements of **NBP Exchange Company Limited** (the Company), which comprise the statement of financial position as at December 31, 2024, and the statement of profit or loss and other comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements, including a material accounting policy information and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at December 31, 2024 and of the profit and other comprehensive income, the changes in equity and its cash flows and for the year then ended.

#### Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Information Other than the Financial Statements and Auditors' Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017(XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors is responsible for overseeing the Company's financial reporting process.

## Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

#### Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- the statement of financial position, the statement of profit or loss and other comprehensive income, the statement of cash flows and the statement of changes in equity together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- no zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

## REVIEW REPORT TO THE MEMBERS ON THE STATEMENT OF COMPLIANCE WITH THE PUBLIC SECTOR COMPANIES (CORPORATE GOVERNANCE) RULES, 2013

We have reviewed the enclosed Statement of Compliance with the best practices contained in the Public Sector Companies (Corporate Governance) Rules, 2013 (the Rules) prepared by the Board of Directors NBP Exchange Limited (the Company) for the year ended December 31, 2024.

The responsibility for compliance with the Rules is that of the Board of Directors of the Company. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Rules and report if it does not and to highlight any non-compliance with the requirements of the Rules. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Rules.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Rules requires the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval its related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length price and recording proper justification for using such alternate pricing mechanism. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee. We have not carried out any procedures to determine whether the related party transactions were undertaken at arm's length price or not.

Following instance(s) of non-compliance with the requirements of the Rules were observed which are not stated in the Statement of Compliance:

| Serial No. | Reference  | Description   |
|------------|------------|---|
| i          | Rule 11(2) | The company shall arrange appropriate training to its directors to ensure they are well conversant with the corporate laws and practices. However, no training has taken place during the year. |

Based on our review, nothing has come to our attention which causes us to believe that the 'Statement of Compliance' does not appropriately reflect the Company's compliance, in all material respects, with the best practices contained in the Rules as applicable to the Company for the year ended December 31, 2024.

The annexed notes from 1 to 37 form an integral part of these financial statements.

CHIEF FINANCIAL OFFICER

CHIEF EXECUTIVE OFFICER

DIRECTOR

**NBP EXCHANGE COMPANY LIMITED  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2024**

**1       LEGAL STATUS AND NATURE OF BUSINESS**

1.1 NBP Exchange Company Limited (the Company) was incorporated on September 24, 2002 as an unlisted public limited company under the repealed Companies Ordinance, 1984 (now the Companies Act, 2017). The Company obtained license for commencement of operations from the State Bank of Pakistan (SBP) on November 25, 2002 and commencement of business certificate on December 26, 2003 from the Securities and Exchange Commission of Pakistan (SECP). The Company was formed under the Foreign Exchange Regulation Act, 1947, as amended by SBP through F.E. Circular No. 9 dated July 30, 2002. The registered office of the Company (head office) is situated at Shaheen Complex, M.R. Kiyani Road, Karachi and the Company has a head office, 22 branches and 023 payment booths (2023: 22 branches and one payment booth) across the Country. The geographical location and addresses are mentioned in note 31.

1.2 The Company operates as an exchange company under category "A" and is engaged in the business of dealing in foreign exchange and currency export operations, managing inward remittances through National Bank of Pakistan NBP (Inward), Western Union and RIA Financials (Inward), and outward remittances through Western Union, Telegraphic Transfer and collection of utilities bills through M/s One Link and UBL OMNI.

1.3 The Company is a wholly owned subsidiary of National Bank of Pakistan (the holding company).

**2       BASIS OF PREPARATION**

**2.1 Statement of compliance**

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017 have been followed.

## **2.2 Basis of measurement**

These financial statements have been prepared under the historical cost convention unless otherwise stated.

## **2.3 Functional and presentation currency**

These financial statements are presented in Pakistani Rupees ("Rs" or "Rupees"), which is the functional currency of the Company. All amounts have been rounded to the nearest rupee, unless otherwise indicated.

## **3 NEW STANDARDS, INTERPRETATIONS AND AMENDMENTS TO THE PUBLISHED ACCOUNTING STANDARDS**

### **3.1 New accounting standards, amendments and IFRS interpretations that are effective for the year ended December 31, 2024**

The following standards, amendments and interpretations are effective for the year ended December 31, 2024. These standards, amendments and interpretations are either not relevant to the Company's operations or did not have significant impact on the financial statements other than certain additional disclosures.

|  | <b>Effective date<br/>(annual periods<br/>beginning on or<br/>after)</b> |
|--|--|
| Amendments to IAS 1 'Presentation of Financial Statements' - Disclosure of Accounting Policies   | January 01, 2023   |
| Amendments to IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors' - Definition of Accounting Estimates                                     | January 01, 2023   |
| Amendments to IAS 12 'Income Taxes' - Deferred Tax related to Assets and Liabilities arising from a single transaction   | January 01, 2023   |
| Amendments to IAS 12 'Income Taxes' - Temporary exception to the requirements regarding deferred tax assets and liabilities related to pillar two income taxes | January 01, 2023   |
| Certain annual improvements have also been made to a number of IFRSs.  |  |

### 3.2 New accounting standards, amendments and interpretations that are not yet effective

The following standards, amendments and interpretations are only effective for accounting periods, beginning on or after the date mentioned against each of them. These standards, amendments and interpretations are either not relevant to the Company's operations or are not expected to have significant impact on the Company's financial statements other than certain additional disclosures.

|  | <b>Effective date<br/>(annual periods<br/>beginning on or<br/>after)</b> |
|--|--|
| Amendments to IAS 1 'Presentation of Financial Statements' - Non-current liabilities with covenants  | January 01, 2024   |
| Amendments to IAS 1 'Presentation of Financial Statements' - Classification of liabilities as current or non-current   | January 01, 2024   |
| Amendments to IAS 7 'Statement of Cash Flows' - Supplier finance arrangements  | January 01, 2024   |
| Amendments to IFRS 7 'Financial Instruments: Disclosures' - Supplier finance arrangements  | January 01, 2024   |
| Amendments to IFRS 16 'Leases' - Amendments to clarify how a seller-lessee subsequently measures sale and leaseback transactions   | January 01, 2024   |
| Amendments to IAS 21 'The Effects of Changes in Foreign Exchange Rates' - Lack of Exchangeability  | January 01, 2025   |
| IFRS 17 Insurance Contracts  | January 01, 2026   |
| IFRS 1 standard has been issued by IASB effective from 01, July 2009. However, it has not been adopted yet locally by Securities and Exchange Commission of Pakistan (SECP). |  |

4

### ACCOUNTING ESTIMATES AND JUDGMENTS

The preparation of financial statements in conformity with approved accounting standards as applicable in Pakistan, requires the management to make judgments, estimates and assumptions that affect the application of policies and the reported amounts of assets, liabilities, income and expenses.

Estimates and judgments, if any, are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The areas where various assumptions and estimates are significant to the financial statements or where judgment was exercised in application of accounting policies are as follows:

- Classification and impairment of investment (note 5.6.5, 10 and 13)
- Depreciation rates of property, plant, right of use assets and equipment and intangible assets (note 6,7 and 8)
- Provision for current and deferred tax (note 5.12, 11 and 27)
- Classification of impairment of trade debts (note 5.8 and 15)
- Contingencies (note 21)

## **5 MATERIAL ACCOUNTING POLICY INFORMATION**

The accounting policies adopted in the preparation of these financial statements are consistent with those of the previous financial year.

### **5.1 Right of use assets**

The Company recognizes right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right of use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received.

Unless the Company is reasonably certain to obtain ownership of the leased asset at the end of the lease term, the recognized right-of-use assets are depreciated on a straight line basis over the shorter of its estimated useful life and the lease term. Right-of-use assets are subject to impairment.

### **5.2 Leases**

The Company recognized leases as a right of use asset and corresponding liability at the date at which the leased asset is available for use by the Company. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant period rate of interest on the remaining balance of the liability for each period. The right-of use asset is depreciated over the shorter of the asset's useful life and the lease term on a straight line basis.

### **5.3 Property and equipment**

Property and equipment are stated at cost less accumulated depreciation and impairment, if any. The cost of property and equipment are depreciated over their estimated useful lives using straight line method at the rates specified in note 6.1. Depreciation on additions is charged from the month in which the item of property and equipment is available for use and no depreciation is charged in the month of disposal.

Subsequent costs are included in the property and equipment's carrying amount or recognized as a separate item of property and equipment, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to statement of profit or loss during the financial year in which they are incurred.

Item of property and equipment is derecognized when disposed off or when no future economic benefits are expected from its use or disposal. Gains or losses on disposal of property and equipment, if any, are recognized in statement of profit or loss as and when incurred.

Assets' residual values, if significant and their useful lives are reviewed at each financial position date and adjusted prospectively, if appropriate.

### **5.4 Intangible asset**

Intangible assets are stated at cost less accumulated amortization and any impairment losses. Amortization is charged over the estimated useful life of the asset on a systematic basis applying the straight line method at the rates specified in note 8 to the financial statements. The estimate of useful life and amortization method are reviewed at the end of each financial year with the effect of any changes in estimate being accounted for prospectively.

The amortization is charged from the month in which asset is available for use while no amortization is charged for the month in which that asset is disposed off.

### **5.5 Cash and cash equivalents**

Cash in hand and at banks is carried at cost. For the purposes of the statement of cash flows, cash and cash equivalents consist of cash and bank, running finance obtained to meet short term cash requirements and short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

## **5.6 Financial instruments**

All financial assets and financial liabilities are recognized at the time when the Company becomes a party to the contractual provisions of the instruments. Financial asset is derecognized when the Company loses control of the contractual rights that comprise the financial assets or portion of financial assets, while a financial liability or part of financial liability is derecognized when the obligation specified in the contract is discharged, cancelled or expired. Any gain or loss on derecognition of the financial assets and liabilities is taken to the statement of profit or loss currently.

### **5.6.1 Financial Instruments - Initial recognition and subsequent measurement**

All financial assets and liabilities are initially measured at cost which is the fair value of the consideration given or received. These are subsequently measured at fair value, amortized cost as the case may be.

### **5.6.2 Classification of financial assets**

The Company classifies its financial instruments in the following categories:

- at fair value through profit or loss ("FVPL")
- at fair value through other comprehensive income ("FVOCI"), or
- at amortized cost.

The Company determines the classifications of financial assets at initial recognition. The classification of instruments (other than equity instruments) is driven by the Company's business model for managing the financial assets and their contractual cash flow characteristics.

Financial assets that meet the following conditions are subsequently measured at amortized cost:

- The financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial assets give rise on specified date to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets that meet the following conditions are subsequently measured at FVOCI:

- the financial asset is held within a business model whose objective achieved by both collecting contractual cash flows and selling the financial assets; and
- the contractual terms of the financial assets give rise on specified date to cash flows that are solely payments of principal and interest on the principal amount outstanding.

By default, all other financial assets are subsequently measured at FVPL.

### **5.6.3 Classification of financial liabilities**

From January 01, 2019, the Company classifies its financial liabilities in the following categories:

- at fair value through profit or loss ("FVPL"), or
- at amortized cost

Financial liabilities are measured at amortized cost, unless they are required to be measured at FVPL (such as instrument held for trading or derivatives) or the Company has opted to measure them at FVPL.

### **5.6.4 Subsequent measurement**

#### **i) Financial assets at FVOCI**

Elected investments in equity instruments at FVOCI are initially recognized at fair value plus transaction costs. Subsequently, they are measured at fair value, with gains or losses arising from changes in fair value recognized in other comprehensive income/(loss).

#### **ii) Financial assets and liabilities at amortized cost**

Financial assets and liabilities at amortized cost are initially recognized at fair value, and subsequently carried at amortized cost, and in the case of financial assets, less any impairment.

Financial assets and liabilities carried at FVPL are initially recorded at fair value and transaction costs are expensed in the statement of profit or loss. Realized and unrealized gains and losses arising from changes in the fair value of financial assets and liabilities held at FVPL are included in the statement of profit or loss in the period in which they arise.

Where the management has opted to recognize a financial liability at FVPL, any changes associated with the Company's own credit risk will be recognized in other comprehensive income/(loss). Currently, there are no financial liabilities designated at FVPL.

## **5.6.5 Impairment of financial assets**

From January 01, 2019, the Company have assessed on a forward looking basis, the expected credit losses associated with the debt instruments carried at amortized cost and FVOCI at an amount equal to life time ECLs except for the financial assets in which there is no significant increase in credit risk since initial recognition or financial assets which are determine to have low credit risk at the reporting date, in which case twelve months' ECL is recorded. The following were either determine to have low or there was no credit risk since initial recognition and at the reporting date:

- bank balances;
- long term deposits and advances;
- trade deposits; and
- other receivables.

Loss allowance for trade receivables are always measured at an amount equal to life time ECLs.

Life time ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument. Twelve months ECLs are portion of ECL that result from default events that are possible within twelve months after the reporting date.

ECLs are a probability weighted estimate of credit losses. Credit losses are measured at the present value of all cash short falls (i.e. the difference between cash flows due to the entity in accordance with the contract and cash flows that the company expects to receive).

The gross carrying amount of a financial asset is written off when the Company has no reasonable expectation of recovering a financial asset in entirety or a portion thereof.

## **5.6.6 Derecognition**

### **Financial assets**

Financial assets are derecognized only when the contractual rights to cash flows from the financial assets expire or when it transfer the financial assets and substantially all the associated risks and reward of ownership to another entity. On derecognition of financial assets measured at amortized cost, the difference between the assets carrying value and the sum of the consideration received and receivable recognized in statement of profit or loss. In addition, on derecognition of an investment in a debt instrument classified as at FVOCI, the cumulative gain or loss previously accumulated in the investments revaluation reserve reclassified to statement of profit or loss. In contrast, on derecognition of an investment in equity instrument which the Company has elected on initial recognition to measure at FVOCI, the cumulative gain or loss previously accumulated in the investments revaluation reserve is not reclassified to statement of profit or loss, but is transferred to statement of changes in equity.

## **Financial liabilities**

Financial liabilities are derecognized only when its obligations under the financial liabilities are discharged, cancelled or expired. The difference between the carrying amount of the financial liabilities derecognized and the consideration paid and payable, including any non-cash assets transferred or liabilities assumed, is recognized in statement of profit or loss.

### **5.6.7 Off setting of financial assets and liabilities**

A financial asset and a financial liability is offset and the net amount reported in the statement of financial position if the Company has a legally enforceable right to set off the transaction and also intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

### **5.7 Impairment of non-financial assets**

The Company assesses at each reporting date whether there is any indication that assets except deferred tax assets may be impaired. If such indication exists, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amount. Where carrying values exceed the respective recoverable amount, assets are written down to their recoverable amounts and the resulting impairment loss is recognized in the statement of profit or loss. The recoverable amount is higher of an asset's fair value less costs to sell and value in use.

### **5.8 Trade debts**

Trade debts are classified at amortized cost and are initially recognized when they are originated and measured at fair value of consideration receivable. These assets are written off when there is no reasonable expectation of recovery. Actual credit loss experience over past years is used to base the calculation of expected credit loss (ECL).

These are recognized on the basis of 'trade date', i.e. the Company recognize trade debts for brokerage as and when such services are provided and/or as and when a deficit arise in client's account. The information maintained by the Company through its back office system is based on settlement-date convention of accounting. This information is, however, adjusted at each reporting date to arrive at the balance based on trade-date convention of accounting which is the Company's accounting policy.

### **5.9 Trade and other payables**

Liabilities for trade and other amounts payable are measured at cost which is the fair value of the consideration to be paid in the future for goods and services received whether billed to the Company or not.

## **5.10 Deposits**

Deposits are initially recorded at the amount of proceeds received. Mark-up on deposits is accrued on a time proportion basis.

## **5.11 Transactions with related parties**

Transactions in relation to sales, purchases and services with related parties are made at arm's length prices for which the pricing mechanism is subject to approval of the Board of Directors.

## **5.12 Taxation**

### **Current**

Provision for current taxation is computed in accordance with the provisions of Income Tax Ordinance, 2001. The charge for current income tax is recorded after adjustment, if any, to the provision for tax made in prior year including those arising from assessment and amendments in assessments during the year in such years.

### **Deferred**

Deferred income tax is provided using the liability method for all temporary differences at the financial position date between tax bases of assets and liabilities and their carrying amounts for financial reporting purposes. Deferred tax asset is recognized for all deductible temporary differences and carry forward of unused tax losses, if any, to the extent that it is probable that future taxable profit will be available and the credits can be utilized.

Deferred income tax assets and liabilities are measured at the tax rate that are expected to apply to the period when the asset is realized or the liability is settled, based on tax rates that have been enacted or substantively enacted at the financial position date.

## **5.13 Revenue**

### **Income from exchange operation**

Income from exchange operation are the difference between the cost and selling price of foreign currency, including wire transmission. Income from exchange is recognized at the time of each transfer occurs on transfer date basis or/and the end of each reporting period when revaluation of foreign exchange position takes place.

### **Fee income**

Fee income includes fee collected on wire transfer and currency exchange transfers. Fee income is recognized at the time the transaction occurs on trade date basis.

#### Mark-up / interest income

Mark-up / interest income is accrued on a time proportion basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount.

#### Income on Inward / outward remittances

Commission income on inward and outward remittance through Western Union is recognized when remittance is paid to customer or received from customer on behalf of Western Union.

#### **Telegraphic transfer (TT) / Demand Draft**

Income on TT / DD is recognized when transaction is entered into with the customer.

#### Fee on collection of utilities bills

Income on utilities bills is recognized when transaction is entered into with the customer.

#### Unrealized gains / (losses) arising on revaluation of investments

Unrealized gains / (losses) arising on revaluation of investments classified as fair value through profit or loss are included in the profit and loss account in the year in which they arise.

#### Dividend income

Dividend income is recognized when right to receive the dividend is established.

#### Other income

Other income is recognized as and when incurred.

### **5.14 Foreign currencies**

Transactions in currencies other than Pakistani Rupees are recorded at the rates of exchange prevailing on the dates of the transactions. At each financial position date, monetary assets and liabilities that are denominated in foreign currencies are retranslated at the rates prevailing on the financial position date. Gains and losses on translation are taken to statement of profit and loss.

**5.15      Provident fund**

An approved funded provident fund scheme is maintained for all eligible employees of the Company. Equal monthly contributions are made, both by the Company and its employees, to the fund at the rate of 8.33 percent of basic salaries of employees. Obligations for contributions to the fund are recognized as an employee benefit expense in statement of profit and loss when they are due.

**5.16      Compensated absences**

Leave encashment will be paid up to maximum of 45 days of basic salary at the time of leaving company service or retirement. No leave encashment will be allowed during the service. A provision of 50% of unutilized leaves is recognized at the financial position date.

## 6 PROPERTY AND EQUIPMENT

Property and Equipment - at net book value  
Capital work-in-progress - at cost

## 30 CAPITAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Company's objective when managing capital is to safeguard the Company's ability to continue as a going concern so that it can continue to provide returns for shareholders and benefits for other stakeholders and to maintain a strong capital base to support the sustained development of its business and to comply with the regulatory requirements.

The Company manages its capital structure by monitoring return on net assets and assessing its requirement for various transactions to be undertaken. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividend paid to shareholders or issue new shares.

The Company currently meets the paid up capital requirement of Rs. 200 million (2024: Rs. 200 million) as required by the State Bank of Pakistan. The current shareholders' equity is Rs. 2,248,834,554 (2023: 2,102,432,702) which is in excess of the minimum capital requirement by Rs. 2,048,834,554 (2023: 1,902,159,702).

The Company monitors capital using a debt equity ratio, which is net debt divided by total capital plus net debt. The gearing ratio as at December 31, is as follows:

## 31 FINANCIAL INSTRUMENTS

The Company is exposed to the following risks in respect of financial instruments:

- Credit risk,
- Liquidity risk, and
- Market risk.

The Board of Directors has overall responsibility for the establishment and oversight of Company's risk management framework. The Board is also responsible for developing and monitoring the Company's risk management policies.

### 31.1 Credit risk

Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss for the Company by failing to discharge an obligation. The risk is generally limited to principal amounts and accrued interest thereon, if any. The Company's policy is to enter into financial contracts in accordance with the risk management framework. Out of total assets of Rs. 2,505 million (2023: Rs. 2,289 million) the financial assets which are subject to credit risk amounted to Rs.1,965 million (2023: Rs. 1,666 million). The carrying amounts of these financial assets represents the maximum credit exposure at the reporting date.

|                            | Note | 2024                 | 2023                 |

### 31.2 Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting its financial obligations as they fall due. Liquidity risk arises because of the possibility that the Company could be required to pay its liabilities earlier than expected or difficulty in raising funds to meet commitments associated with financial liabilities as they fall due. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The following are the contractual maturities of financial liabilities:

| 2024                     | Carrying Amount    | Contractual cash flows | Maturity up to one month | Maturity later than one month and not later than three months | Maturity   | Maturity later than three months and not later than one year | Maturity later than one year and not later than five years |
|--------------------------|--------------------|------------------------|--------------------------|---|--|--|--|
|                          |                    |                        |                          |   | later than one month and not later than three months |  |  |
| Note                     |                    |                        |                          |   | (Rupees)   |  |  |

### 31.3 Market risk

Market risk means that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices such as foreign exchange rates, interest rates and equity prices. The objective is to manage and control market risk exposures within acceptable parameters, while optimizing the return. Market risk comprises of three types of risk: foreign exchange or currency risk, interest/mark up rate risk and price risk. The market risks associated with the Company's business activities are discussed as under:

#### 31.3.1 Interest rate risk

Interest rate risk is the risk that the value of a financial instrument will fluctuate due to changes in the market yield. At the reporting date the interest rate profile of the Company's significant interest bearing financial instruments was as follows:

| Effective yield / interest rate<br>percent | Interest / mark-up bearing |                                     |                      |                    |                                      | Total         | 2024                               |                       |                                 |                    |                                 |                    |

### 31.3.2 Currency risk

Currency risk is the risk that the value of the financial instrument will fluctuate due to changes in the foreign exchange rates. In order to avoid losses arising from adverse movements in the rate of exchange the management monitors compliance with all external and internal limits (including currency, dealer and counter party limits), review of foreign exchange exposure and regular revaluation of the entire portfolio.

The Company's exposure to foreign exchange risk is as follows:

|                                       | 2024                 |                   |                   |                   |

## FAIR VALUE OF FINANCIAL ASSETS AND LIABILITIES

Fair value is the price that would be received to sell an asset or paid or transfer a liability in an orderly transaction between market participants and measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

The Company measures fair values using the following fair value hierarchy, which reflects the significance of the inputs used in making the measurements:

- Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: Fair value measurements using inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

Valuation techniques include net present value and net assets value. Assumptions and inputs used include risk-free and benchmark interest rates used in estimating discount rates.

The objective of valuation techniques is to arrive at a fair value measurement that reflects the price that would be received to sell the asset or paid to transfer the liability in an orderly transaction between market participants at the measurement date.

Underlying the definition of fair value is the presumption that the Company is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

The Company uses widely recognized valuation techniques, for determining the fair value of assets and liabilities, that use only observable market data and require little management judgment and estimation.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

The following table analyses financial assets and liabilities at the reporting date, by the level in the fair value hierarchy into which the fair value measurement is categorized:

| 2024  |                                    |   |                |               |         |             |         |                |
|---|------------------------------------|---|----------------|---------------|---------|-------------|---------|----------------|
|   | Carrying Amount                    |   |                | Fair value    |         |             |         |                |
|   | Fair value through profit and loss | Fair value through other comprehensive income | Amortized Cost | Total         | Level 1 | Level 2     | Level 3 | Carrying Value |
| (Rupees)                                    |                                    |   |                |               |         |             |         |                |
| - Foreign currencies                        | 515,161,082                        | -   | 515,161,082    | 515,161,082   | -       | -           | -       | 515,161,082    |
